The Firms dealing in Electrical Materials.

Enquiry No. 3317.

ELECTRICAL MATERIALS.

GENTLEMEN,

I write to request you to intimate your best prices and the earliest time of delivery for the Electrical Materials described below:—

Item 1. 12—Out-door type S. P. S. T. 600 amperes 4 500 volts disconnecting switches mounted on insulators with channel iron base suitable for vertical mounting for front connections. They shall be provided with 135° stop blade latch and guide operating eyes, etc., complete.

Item 2. ONE—Double tariff integrating watt-hour meter switch board pattern 3-phase, 3-wire 25 cycles volts 2,300–115 amperes 800–400–5 for use on unbalanced systems and provided with cyclometer type registering mechanism micrometer adjustments Temperature compensation device, etc., complete with a suitable change over time switch electrically wound working off a 230-volts, 25 cycles single-phase supply. This meter shall be calibrated to record correctly with the current and potential transformers of items 3 and 4 below.

Item 3. TWO—Current Transformers air cooled dry insulated type, single-phase 25 cycles amperes 800–400–5 volt ampere capacity 40 for 4 500-volts circuit suitable for mounting on frame work back of switch board.

Item 4. TWO—Potential Transformers air cooled dry insulated type single phase, 25 cycles, volts 2300–115, volt ampere capacity 50, suitable for mounting on frame work back of switchboard, complete with fuse arrangement and spare fuses.

All the above materials shall conform to the latest B. S. S. or A. I. E. E. standards and the quotations shall be accompanied with by fully descriptive and illustrative details of the constructional features of the materials offered, without which no quotation will be considered. The flash over values of the insulators used for the disconnecting switches of item 1 shall be specified.

As the materials are required urgently, quotations may be arranged to be obtained by Air Mail and submitted so as to reach this office on or before the 25th March 1939.

The prices to be quoted should be for delivery c.i.f., Madras.

No. S. P. C. 23076-90, *dated 6th March* 1939.

To

The Firms dealing in Lint.

Enquiry No. 3318.

LINT.

DEAR SIR/GENTLEMEN

Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the attached schedule, in the form printed overleaf.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellation of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for Lint, fine Hospital" with the above enquiry Number.

This enquiry will be closed on the 25th March 1939.

Schedule.

The Firms dealing in Electrical Equipment.

Enquiry No. 3323.

ELECTRIC TRANSFORMER DRIER FOR SHIMSHA NEW PROJECT.

GENTLEMEN,

I write to request you to quote your best prices and earliest time of delivery for the following materials :—

One Electric Transformer Drier consisting of the following :—

(1) One—Electric Heater, 20–25 K. W., enclosed in a sheet-steel cylinder of suitable dimensions and shape at the ends for use on a 230–115 volts, single phase circuit and provided with fusing arrangement and fuses of low melting quality.

(2) One—Blower of sufficient capacity of displacement of air at a pressure of about 2 to 2½ oz. per square inch while driven at a speed varying between 3,000 to 3,500 r.p.m. It shall be provided with an air-strainer at the inlet and be suitable for belt-drive, the fan wheel and the pulley, running on suitable bearings.

The blower shall be directly connected to the heater, both of them being mounted on a common base, preferably of light I-beam frame work.

(3) One—Squirrel Cage Induction Motor suitable for driving the blower of item (2) above, from a 3 phase, 230 volts, 25 cycles supply.

The motor should be of sufficient capacity and comply with the latest B. S. S. or A. I. E. E. Standards.

The above equipment shall be complete in all respects, including spare fuses, leather belting, etc., for drying large power transformers of about 5,000 KVA and 78 KV in the minimum time possible.

The tenderers shall furnish full details with illustrations and description of the apparatus offered by them, without which no tender will be considered.

The prices quoted shall be for delivery, c.i.f., Madras and the time of delivery, which will have the same consideration as cost, shall be specified.

This enquiry will close on the 10th April 1939.

No. S. P. C. 23422-6, dated 6th March 1939.

To

The Firms dealing in Hospital Furniture.

Enquiry No. 3326.

HOSPITAL FURNITURE.
